

## MathFest 2018 Jeopardy Round

This year's Undergraduate Math Jeopardy Event at MathFest drew a large crowd with standing room only. Contestants submitted entry forms and sixteen names were drawn to field four teams (of four contestants each) for the four houses of Hogwarts (re: Harry Potter). Michael W. Berry (Tennessee) emceed the event and Robert Vallin (Lamar University) organized this special event and drew the names of the contestants. The most impressive performance was made by the Ravenclaw team closely followed by the Slytherin team. The roster of participants and a group photo are provided below.
